

## TERMS AND CONDITIONS

- Rebates up to \$150 per fixture are for the purchase and installation of (1) WaterSense-labeled 0.125 gallon per flush or less urinals or (2) no-water urinals listed on the latest “MaP High Efficiency Urinal” list. New urinals must replace existing fixtures rated at 1.0 gallon per flush or greater.
- Rebates are for commercial properties only (i.e. billed under the district’s non-residential rate structure).
- Only qualifying HEUs purchased during the period of this rebate offer, starting on July 1, 2015 and ending whenever funds are expended or the program is terminated, are eligible for a rebate.
- Both flushometer valve and urinal bowl must be replaced for water-using urinals.
- For flushing fixtures, the exact model number of the HEU purchased must be on the EPA WaterSense list at the time the application is submitted.
- For no-water fixtures, the exact model number of the HEU purchased must be on the latest “MaP High Efficiency Urinal” list at the time the application is submitted.
- Costs eligible for rebate include urinal bowl and, for flushing urinals, flushometer valve, up to a maximum rebate of \$150, excluding tax, delivery, and labor.
- Rebates are offered on a first-come, first-served basis and are subject to availability of funds.
- Rebates will be paid to the name as it appears on the water bill, unless applicant is not the MMWD water account holder.
- Original receipts must be submitted with the application. Original receipts will not be returned—please make copies for your records.
- There is no limit on the number of rebates per account. Applications for 10 or more HEU rebates will require a site inspection to verify HEU installations prior to processing a rebate. Please contact MMWD at 415-945-1527 for more information.
- HEUs must be installed within MMWD’s service area. MMWD reserves the right to request proof of installation and/or to inspect the property to verify that the HEU(s) is (are) installed, either before or after rebate is paid, and, if necessary, to recover rebated amounts on water bill for any HEU(s) not installed as required.
- HEU must replace an existing fixture; new construction does not qualify.
- Applicant certifies that necessary permissions have been obtained from the property owner, if applicant is not the owner.
- Allow 12 weeks for processing.

## DISCLAIMER

Applicant expressly agrees that MMWD may inspect all properties participating in the High-Efficiency Urinal Rebate Program; that MMWD does not guarantee the performance of any HEU; and that MMWD does not warrant any HEU or installation to be free of defects; the quality of workmanship, or the suitability of the premises or the HEU for the installation.

Applicant further agrees to defend, indemnify and hold harmless MMWD, its directors, officers, agents, and employees, from and against any and all loss, damage, expense, claims suits, and liability, including attorney fees arising out of or in any way connected with the HEU(s) and its (their) installation.

Applicant has read, understands, and agrees to the terms and conditions listed on the High-Efficiency Urinal Rebate Program application.

Applicant understands that installation of a qualifying HEU may not result in lower water bills.

MMWD reserves the right to change the terms of the High-Efficiency Urinal Rebate Program offer at any time, without notification.

# HIGH-EFFICIENCY URINALS REBATE APPLICATION

Replacing just one older, inefficient urinal with a high-efficiency WaterSense-labeled model or a no-water urinal could save a business more than 3,600 gallons of water per year. To help commercial customers make the switch to more efficient models, the Marin Municipal Water District is offering rebates up to \$150 for qualifying urinals. Get yours today!

## HOW DO YOU GET YOUR REBATE? IT'S EASY!

### 1. Purchase a qualifying high-efficiency urinal (HEU).

- Verify the urinal you are buying is:
  - an EPA WaterSense-labeled urinal with a maximum flush volume of 0.125 gallons per flush, OR
  - a no-water urinal listed on the latest "MaP High Efficiency Urinal" list
- Lists of qualifying urinals are available at [marinwater.org/rebates](http://marinwater.org/rebates).
- Note: you must be replacing an existing urinal designed to use 1.0 gallons per flush (GPF) or greater.
- Review the Terms and Conditions on this form.

### 2. Install the HEU in your commercial property.

- Products must be installed at properties where water service is provided by MMWD.
- There is no limit on the number of HEU rebates available per site; you may replace as many urinals as currently exist.
- Applications for 10 or more HEU rebates will require a site inspection to verify HEU installations prior to processing a rebate. Contact MMWD at 415-945-1527 for additional information.

### 3. Complete and mail in this application form with original itemized receipt(s).

- Fill out the rebate form completely and sign it.
- Enclose original itemized receipts. Faxes or photocopies will not be accepted.
- Please keep a copy of this form and your receipts for your records.
- Mail completed form with original itemized receipts to:

**Marin Municipal Water District  
Rebate Program  
220 Nellen Avenue
