

# Clothes Washer

High-efficiency means low water use

Replace your washer with a new high-efficiency model that uses less water. Saving water will save you money, and you may qualify for a rebate of up to \$100.

# Smart Irrigation Controller

Try this water saving system

Program your WaterSense irrigation controller to adjust to local weather and landscape conditions. Your automated system will deliver just the right amount of water. Install a WaterSense controller at your home or business and receive a rebate of up to \$100.

Visit [MarinWater.org/Rebates](http://MarinWater.org/Rebates) for a complete list of qualifying products.

# Think Ahead

Rain barrel & cistern rebate

It's not too early to think about the rainy season! Rainwater harvesting allows homes and businesses to collect water runoff from rooftops for irrigation. And you could qualify for a rebate of up to 50 cents per gallon. For more details visit [MarinWater.org/Rebates](http://MarinWater.org/Rebates).
